

*If I Had A Hammer*

$$1 = C$$

*Pete Seeger, Lee Hays*

The diagrams are arranged in a 5x4 grid. The first row shows the initial construction of the Coxeter-Dynkin diagram for a 5D Coxeter group. The subsequent rows show the addition of new nodes and edges, representing the construction of the Coxeter-Dynkin diagram for a 5D Coxeter group. The final diagram in the bottom right shows a completed Coxeter-Dynkin diagram with 10 nodes and 10 edges, representing a 5D Coxeter group.
