

*When the Saints Go Marching In*

$$1 = C$$

James M. Black

The image displays a 4x4 grid of diagrams, each representing a step in the construction of a 2D TQFT from a 3D one. The diagrams are arranged in a grid, with the bottom-right cell containing a large closing bracket ']'.

Each diagram consists of vertical lines (representing time slices) and horizontal bars (representing operators or states). The labels on the bars and lines indicate the indices or charges involved in the construction.

The diagrams are arranged in a grid, with the bottom-right cell containing a large closing bracket ']'.
